What we can do for You:

- Keep your Customer **in touch** with his Waiter.
- Ensure **stress free** Meal times.
- **Fast** and **accurate** waiter response time.
- Ensure **Fresh Hot Food** on **Time** from the Kitchen.
- **Uninterrupted** meal time for your **Customer**.
- **Background Recording** of all Table to **Waiter** and **Kitchen** to Table activities.
- **Eliminate** walkouts due to **NO SERVICE**

How do we do this...

- Each **Table** gets a PerfectWaiter unit **T**.
- Each **Waiter** gets a PerfectWaiter unit **W**.
- The **Kitchen** gets a PerfectWaiter unit **K**.
- **Tables** are paired to **Waiters** to suite your establishment.
- Each **Table** unit has 4 buttons:
 1. **Call** the Waiter.
 2. **Not Allocated Yet**
 3. **Customer/Waiter Clear** request.
 4. **Bring the Bill**.
- Each **Waiter** unit has a **4 digit LED display** and a small notification sounder, with a record memory of **100 calls** buffer.
- This display's **C024** or **b024** for (**Call** from table 24 or **bring the Bill** for table 24) **and** (**F024** for the Waiter to collect the food from the Kitchen for **Table 24**) .
